

Melvin Rohit James

Bengaluru, Karnataka | melvin.rohit.james@gmail.com | +91 9380216557 | [LinkedIn](#) | [Portfolio Site](#) | [GitHub](#)

Summary

Cybersecurity student focused on web application security and vulnerability testing, with experience using industry tools and building security-focused projects.

Technical Skills

Security Tools: Burp Suite, Nmap, Wireshark, OWASP ZAP, Metasploit

Security Concepts: OWASP Top 10, VAPT, Network Security, API Security

Programming: Python, Java, C, JavaScript, Bash, SQL

Tools & Frameworks: Docker, Git, GitHub, CI/CD, TensorFlow, Scikit-learn, Angular

Education

MSc Artificial Intelligence and Cybersecurity (2025 – Present)

Christ University, Bengaluru

Bachelor of Computer Applications (2022 – 2025)

Kristu Jayanti College (Autonomous), Bengaluru (CGPA: 7.77)

Projects

Web Application Vulnerability Scanner (WAVS) [Source Code](#)

- Built a Python-based tool to scan web applications for common vulnerabilities such as SQL Injection and Cross-Site Scripting (XSS).
- Implemented basic crawling to identify input fields and test endpoints.
- Used crafted payloads to detect potential security flaws in user inputs.

Sentiment Analysis [Source Code](#)

- Developed a machine learning model using TF-IDF and logistic regression for text classification.
- Trained and evaluated the model on labeled datasets to classify sentiment.
- Performed preprocessing including tokenization and feature extraction.

Certifications

- Deloitte Cyber Job Simulation (Forage) (4 Mar 2026)
- eMudhra - Digital Public Infrastructure Workshop (16 Feb 2026)
- OWASP API Security Top 10 - LinkedIn Learning (14 Feb 2026)
- Infosys - Network Fundamentals (31 Jul 2023)

Experience

Angular Developer (Jun 2024 – Jul 2024)

Kristu Jayanti Software Development Centre

- Developed secure, responsive web application using Angular and Tailwind CSS.
- Implemented role-based access control (Auth Guards) to enhance security.
- Designed session scheduling system improving usability and workflow efficiency.

Achievements

TryHackMe - NEOPHYTE (Current Rank)

- Ranked in the top 85% globally based on hands-on cybersecurity labs and challenges.

Blitzcode Coding Challenge (28 Dec 2023 – 28 Jan 2024)

- Completed 30-day challenge focused on data structures and algorithms.

Languages

- English – Fluent
- Hindi – Fluent
- Tamil – Conversational
- Kannada – Conversational

Hobbies

Guitar, Keyboard, Singing, Reading
